Tenute Fiorebelli

The company that makes these wines is the result of a simple yet stunning synergy between two friends:

Luca Pomaro – a 20 years veteran of the “international wine scene”, supplying the marketing knowledge and skills required to understand the needs and tastes of the international markets. Alessandro Michelon – one of Italy’s most innovative and promising winemakers with a profound knowledge of the various regions of Italy.

Together they realized that they could bring to the international markets intriguing, innovative and delicious wines by combining tradition, innovation and, most of all, a true passion for wines. Once the heartland of the Venetian Republic, the region of Veneto has one of the country’s richest historical, natural, artistic, cultural, musical and culinary heritages. Veneto is also among the most important wine-producing regions in Italy and many of its wines are known and appreciated all over the world. Tenute Fiorebelli is a range of award winning wines from this beautiful corner of the Italian peninsula.
