Cielo 1908

The Cielo family originated in the Valle del Chiampo, around the modest Cielo family vineyard. In 1962, the wine growing and production business expanded as a result of the efforts of three of the eight sons of the second-generation brothers Pietro, Giovanni, Renzo and Piergiorgio. Their enthusiasm led to the establishment of a new winery created on the company's present premises and to the expansion of their national wine market.

Since Luca and Pierpaolo Cielo have taken over the reigns the company has been strengthened by the union of the Cielo family tradition and the experience of over 2000 wine producers of the Colli Berici, not to mention that fact that the quality of the product has reached even higher levels. At this point in time Cielo e Terra has achieved its mission and the company has taken its place as leader of the large-scale trade in Italy, with an ever-increasing presence on foreign markets
